

Evaluation of Group Members for Lab Projects

The following survey is made up of statements which you will respond to based on your experience with your project group members. **Use a scale of 1 to 5** to respond to the statements, **where 1 is strongly disagree, 3 is neutral, and 5 is strongly agree**. Identify the students for your group members in the table below and then respond to the statements as they relate to the members. You should also evaluate yourself in the Student 1 field. If you have less than four group members, simply leave other Student fields blank. You may use the right margin or the back side to add any comments you might have about the group.
